# Drupal Component Launch Checksheet

The PDF focuses on the checks that catch expensive surprises: editor labels, preview behavior, required fields, responsive states, accessibility notes, and cache or performance assumptions that should not wait for launch week.

---

**Component name** \_\_\_\_\_

**Editor task tested** \_\_\_\_\_

**Required fields make sense** \_\_\_\_\_

**Preview matches live  
enough** \_\_\_\_\_

**Mobile state checked** \_\_\_\_\_

**Empty state checked** \_\_\_\_\_

**Accessibility note** \_\_\_\_\_

**Cache or performance  
assumption** \_\_\_\_\_

**Launch decision** \_\_\_\_\_
